EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

2. This application is in condition for allowance except for the presence of claims 1 to 18 non-elected without traverse. Accordingly, claims 1-18 have been cancelled.

Claim 27 has been amended as follows:

Claim 27. (Amended) A tissue paper obtained by the method according to claim 19.

3. The following is an examiner's statement of reasons for allowance: applicants arguments filed on August 11, 2003 have convinced the examiner of the non-obviousness of the claims. Specifically, after further review of the cited/applied reference the examiner agrees that Killat et al., US Patent No. 4,416,729 further reacts the carboxylic esters, i.e., the hydrophobic chain, with an amine which makes the side-chain hydrophilic.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
